

January 8, 2016

Mr. Kent Wilkins, Assistant Chief  
Planning and Management Division  
Oklahoma Water Resources Board  
3800 N. Classen Boulevard  
Oklahoma City, OK 73118

**Subject: Interim Quarterly Report (Q4 2015)  
Site Specific Water Management and Conservation Plan  
Hanson Aggregates LLC – Mill Creek Quarry, Johnston County, OK**

Dear Mr. Wilkins:

This is in reference to the Management Plan submitted to OWRB on December 28, 2012 following our December 27, 2012 consultation discussion with OWRB Staff (yourself, Mr. Christopher R. Neel and Ms. Maria A. Moreno) at OWRB's Office regarding the Site Specific Water Management and Conservation Plan (Management Plan) for Hanson Aggregates' Mill Creek Quarry.

Please note that Mill Creek Quarry applications are currently pending with OWRB and ODOM, and therefore is not a "producing" mine. Please accept this letter as our Interim Quarterly Report pursuant to 82 O.S. 1020.2 (E) and 785:30-15 for Q4 2015 and hereby report the following:

- (1) Mill Creek Quarry is not a producing mine in Q4 2015;
- (2) There is NO Pit Water accumulated or used at the Mill Creek Quarry in Q4 2015;
- (3) Mill Creek Quarry has adopted the Management Plan prior to January 1, 2013 and will implement the plan as soon as it becomes a "producing" mine. It is our understanding from consultation meeting on December 27, 2012 that it will maintain the "exempt mine" status for Mill Creek Quarry for Hanson Aggregates LLC.

Please contact the undersigned at (972) 605-3186 or Hanson Aggregates LLC, 300 E. John Carpenter Freeway, Suite 1645, Irving, TX 75062, for any further assistance.

Sincerely,  
HANSON AGGREGATES, LLC

Jaime P. Bretzmann, P.E.  
Area Environmental Manager
