RE: *Status Update/Quarterly Report – 3rd Quarter 2021*
Roos Resources, Inc.'s RRI Quarry

Mr. Cogburn:

Please let this letter serve as a status update and for compliance purposes with 82 O.S. §1020.2(E)(1). Roos Resources, Inc. (RRI) submitted an initial mine permit application to the Oklahoma Department of Mines (ODM) on July 28, 2011 and is currently in the application processing phase. According to §1020.2(C)(2), RRI is considered an exempt mine. Once the mining permit is issued, RRI will consult further with the OWRB on implementing its adopted monitoring program. In the meantime, RRI will report quarterly and annually to the OWRB on the mining status. This will be done in accordance with the §1020.2(E)(1). If the mine permit is issued between reporting periods, RRI will contact the OWRB prior to mining.

For your records, RRI did not produce any mine products or accumulate any pit water during the third quarter of 2021.

Please feel free to contact me if you need additional information at (405)761-1225 geoff@ccenviro.net.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. Canty'.
